## 1. OVERVIEW

### 1.1. Reason

As EGEROBOT® we attach importance to the security of the personal data you share with our Company; For this purpose, we show utmost sensitivity to process and protect your personal data in accordance with the law. In this context, this Information Text is shared with you as a requirement of Article 10 of the "Personal Data Protection Law" No. 6698 (Law). This Cookie Policy (hereinafter referred to as the "Policy"); It is valid for websites operated by EGEROBOT® and explains the principles regarding the use of cookies.

### 1.2. Aim

The purpose of this policy is to provide convenience to users visiting EGEROBOT® 's website. Cookies may also be used to speed up your future activities and experiences on our sites. We also use cookies to help us compile anonymous and aggregated statistical data that allows us to understand how people use our sites and to help us improve the structure and content of our sites. This data does not contain information that could enable us to identify you.

### 1.3. What is a Cookie?

Cookies are small text files created on your device by a website and contain data in name-value format. They enable the website you visit to store information on your device and to use this information during your subsequent visits. Cookies aim to provide a more user-friendly experience for a website. It allows providing personalized web pages to provide a faster and more suitable visiting experience for your personal needs. Cookies cannot collect any information, including personal data stored on your computer or files. Cookies installed on your computer or information obtained are used for statistical analysis or security measures. No personal data is collected through cookies. You can control or delete cookies as you wish. You can delete cookies already on your computer and prevent the saving/setting of cookies in most internet browsers.

## 1.4. Cookie Types

- Cookies created by the website you visit and can only be read by this website are primary cookies. Optimizing business processes and reducing costs by increasing functional efficiency.
- The content presented on the visited site may be provided through domain names other than the domain name at the access address (for example, viewing content hosted on a video platform via a social media site); In this case, each domain name may create its own unique third-party cookies.

Cookie Type	Explanation
Session Cookies	Session cookies are cookies that are valid while you use the website and are deleted when you close your web browser. These cookies are temporary cookies used by visitors during their visit to the Website. Its main purpose is to ensure the proper functioning of the Website during your visit.
Persistent Cookies	Persistent cookies are types of cookies used to increase the functionality of the Website and provide a faster and better service to visitors. These cookies are used to remember your preferences and are stored on your device through browsers. Some types of persistent cookies may be used to provide you with tailored recommendations, taking into account factors such as your intended use. Persistent cookies check whether a cookie created by the Website is present on your device when you visit the Website again with the same device. If so, it is understood that you have visited the site before and the content presented to you is determined accordingly. Thus, you are offered a better service.

## 2. USE OF COOKIES

### 2.1. Cookies Used on Our Website

Cookie Type	Explanation
Authentication Cookies	When visitors and interns log in to the website using their information, such cookies are used to determine on every page of the website that the visitor or intern is a site user. This prevents the user from re-entering their password on each page.
Analytical Cookies	Analytical cookies are cookies that enable the production of analytical results such as the number of visitors to the website, determination of the pages viewed on the website, website visiting hours, website page scrolling movements. These cookies are used to measure and improve the performance of the website.

### 2.2. Purpose of usage

- Remembering your navigation and usage preferences during your visit to our website (for example, display language, etc.), facilitating the use of our website and customizing our website according to your preferences;
- To ensure that various features and functions of our website work properly (for example, keeping you logged in, embedding dynamic content, etc.);
- To collect non-personal, general information about how our website is used by our visitors and to analyze this information to make faulty pages operational, to improve our website, to remove or improve unpreferred pages.
- The data we collect through cookies **is not used** for the purpose of identifying you, profiling and targeting you personally, or tracking your internet activities outside of our website.

### 2.3. Conclusion

Cookies are not used for purposes other than those specified in this Policy, and all relevant transactions are carried out in accordance with data protection legislation. For more detailed information about the processing of your personal data by us, please read the **Personal Data Protection Law Visitor Clarification Text**.
